Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Dear Sir:

Statement of Facts Establishing Unintentional Delay

Pursuant to 37 CFR § 1.137(b), Assignee (Current Technologies, LLC) of the above referenced application has submitted herewith a Petition for Revival of an Application for Patent Abandoned Unintentionally and submits these Statements of Fact in support thereof.

1. The claims of the above referenced application were rejected in a Non-Final Office Action dated October 18, 2005.
2. On January 18, 2006, Applicant submitted a Reply. In addition to the Reply, the Applicant submitted an IDS and an accompanying 1449 form listing 40 prior art references.
3. On April 5, 2006, the Examiner issued another Non-Final Office Action stating that Applicant's Reply was unresponsive because Applicant failed to cite the relevant passages of the submitted prior art. The Office Action re-stated the previous rejections and did not consider

Applicant's amendments or arguments submitted in the Reply of January 18, 2006.

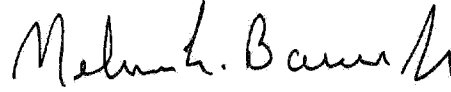

4. On April 20, 2006, and after speaking with Examiner Payne's supervisor (Mr. Jason Chan), Applicant and Examiner Payne conducted a telephonic interview in which Examiner Payne agreed to withdrawal the Non-Responsive Office Action, consider the prior art submitted, and issue a new office action. Examiner Payne stated that Applicant should wait to receive the new Office Action. Both Examiner Payne and his supervisor agreed that the Office Action incorrectly concluded that Applicant's Reply was non-responsive (there is no requirement to cite relevant passages in the submitted prior art).
5. On May 2, 2006, Examiner Payne faxed a summary of the telephone interview and, on the same day, Applicant filed a Summary of the Interview.
6. On October 17, 2006, a Notice of Abandonment was issued citing Applicant's failure to reply to the Office Action dated April 5, 2006 (the Office Action that Examiner Payne withdrew via the Interview Summary)
7. On October 31, 2006, Applicant filed a Petition to Withdrawal the Holding of Abandonment.
8. On September 26, 2007, the Decision on the Petition was mailed dismissing Applicant's petition.
9. Today, October 1, 2007, Applicant has submitted a Petition to Revive the Application for unintentional Abandonment.
